

Championing a commitment to an action or initiative that will require risk taking to move from 'what exists now' to what could exist'.

ADVOCACY

Deep understanding of self, systems and others — an ability to modify behaviours.

AWARENESS

Aligning with others to enrich problem solving and innovation.

AFFILIATION

LEADERSHIP PRACTICES

ACTION

Courage to influence and mobilise others for the good of an unknown and infinite future.

Responsive to changing contexts, open to alternative perspectives and mobilising others to act in complexity.

ADAPTATION

AUTHENTICITY

Courageous values — driven approach that influences people and society for purpose beyond self.
